Dear I-PLEDGE Partner,

The Iowa Alcoholic Beverages Division (ABD) invites your department to participate in the **I-PLEDGE** program for fiscal year 2017 (July 1, 2016 – June 30, 2017). The benefit of a partnership between ABD and law enforcement agencies is evidenced by the **91**% statewide compliance rate obtained by tobacco retailers in FY2016.

In order to be an **I-PLEDGE** partner in fiscal year 2017, you must sign and return the enclosed <u>28E Agreement</u>. After reviewing the agreement and verifying the contact information for your department, please sign the agreement with a witness on the last page and return it in the self-addressed envelope provided. A copy of the executed agreement will be returned to your office.

It is important to remember that ABD is required to conduct **one (1) compliance check** of each tobacco, alternative nicotine and vapor product retailer during FY2017, **with a repeat check of any business that fails the first compliance check.** Section 5.1.2 of the 28E Agreement details the dates by which compliance checks need to be performed.

Keep in mind that <u>alternative nicotine and vapor products</u> are age-restricted according to lowa Code § 453A.2, and therefore included as part of the I-PLEDGE program. Attempts to purchase alternative nicotine and vapor products may be conducted at any retailer that sells these products. Details and examples of these age-restricted products will be included in the enforcement handbook.

The necessary materials to carry out the agreement will be sent to the contact person specified in Section 13.10 of the 28E Agreement. In the meantime, contact Investigator Bill Missman at 515.314.3654 or myself at 515.281.7434, with questions regarding the enclosed agreement. If you prefer, you may also email iapledge@iowaabd.com.

Sincerely,

Jessica Ekman Tobacco Program Coordinator

SECTION 3. TERM. The term of the Agreement shall be from the aforementioned date through June 30, 2017, unless earlier terminated in accordance with the terms of the Agreement.

SECTION 4. FILING. Pursuant to Iowa Code § 28E.8, the ABD shall electronically file the Agreement with the Iowa Secretary of State, after the parties have executed the agreement.

SECTION 5. RESPONSIBILITIES OF THE PARTIES.

5.1 Responsibilities of the Department.

ACREMENT

- 5.1.1 Local Tobacco, Alternative Nicotine and Vapor Product Enforcement. The Department shall provide tobacco, alternative nicotine and vapor product enforcement of Iowa Code Chapter 453A.
- Compliance Checks. "Compliance checks" mean activity to enforce Iowa Code § 453A.2 within the jurisdiction of the Department. Compliance checks also may include enforcement of § 453A.2 within additional jurisdictions upon agreement

of the Parties. ABD shall make available to the Department the location of each tobacco, alternative nicotine and vapor product permit holder subject to a compliance check by the Department at https://tobacco.iowaabd.com/.

The Department shall perform one (1) compliance check of each tobacco, alternative nicotine and vapor product permit holder within the jurisdiction of the Department during the term of the Agreement. Please note that alternative nicotine and vapor products are age-restricted pursuant to Iowa Code § 453A.2, and are therefore included in the I-PLEDGE program. Attempts to purchase alternative nicotine and vapor products may be conducted at any retailer that sells these products.

The Department shall not begin to conduct any retailer compliance checks until October 1, 2016.

The compliance check shall be completed and submitted for reimbursement to ABD by January 15, 2017. The Department should try to complete a compliance check of all seasonal businesses such as golf courses, marinas and bait shops before the businesses close for the 2016 business year, but not before October 1, 2016.

The Department shall conduct a second compliance check on any retailer that is found to be non-compliant during the first inspection. The second compliance check on the non-compliant retailer shall be completed and entered no later than April 15, 2017.

Clerks that fail compliance checks shall be ticketed criminally.

The Department shall, within seven (7) business days, notify the retail owner or manager of any violation. Within seventy-two (72) hours of the Department issuing a citation for a violation of Iowa Code § 453A.2(1) to a permit-holder or employee of a permit-holder, the Department must notify the local permit-issuing authority that issued the tobacco, alternative nicotine and vapor product permit to the retailer where the offense was committed.

If the Department fails to complete and submit reimbursement for compliance checks to ABD by **January 15, 2017,** ABD will consult with the Department to establish a plan for completing the remaining compliance checks. In the event that the Department fails to execute the agreed upon plan, the Department agrees that ABD may authorize the Iowa State Patrol or other law enforcement agency to conduct any remaining compliance checks.

5.1.3 Youth Volunteers. Utilization of youth volunteers is strongly encouraged where feasible. The Department may compensate the youth involved in the compliance checks in a manner consistent with Section 6. Keep in mind that the federal government (SYNAR) will not allow minors under the age of sixteen (16) to be used to conduct compliance checks. Please ensure that the officers assigned to conduct the compliance checks do not work with a youth younger than age 16.

- **5.1.4** Routine Enforcement. In addition to conducting compliance checks, the Department agrees to regularly enforce youth tobacco, alternative nicotine and vapor product laws by ticketing youth offenders.
- 5.1.5 <u>Civil Proceedings.</u> The Department shall cooperate with city, county and state prosecutors if civil permit proceedings are initiated against a tobacco, alternative nicotine and vapor product permit holder. The Department shall also cooperate in proceedings against cited clerks and minors. Cooperation shall include, but not be limited to, sharing investigative reports and copies of issued citations, as well as providing witness statements and testimony.
- **5.1.6** <u>Compliance Reports.</u> The Department shall provide monthly reports to the ABD in the manner prescribed by the ABD.
- 5.1.7 <u>Miscellaneous.</u> The Department shall be responsible for the day-to-day administration of its tobacco, alternative nicotine and vapor product enforcement activities. The Department shall provide all office space, equipment and personnel necessary to conduct tobacco, alternative nicotine and vapor product enforcement activities under the Agreement. The Department is solely responsible for the selection, hiring, disciplining, firing and compensation of its officers.

5.2 Responsibilities of the ABD.

- **5.2.1** Enforcement Guidance. The ABD shall provide guidance on tobacco, alternative nicotine and vapor product enforcement to the Department, if needed, and cooperate with the Department in the performance of the Agreement.
- **5.2.4** Payment. The ABD shall pay the Department in the manner described in Section 6.
- 5.2.5 <u>Cooperation.</u> If ABD believes that any officer of the Department fails to perform duties in a manner that is consistent with the Agreement, the ABD shall notify the Department. The Department shall then take such action as necessary to investigate and, if appropriate, discipline or reassign the officer away from tobacco, alternative nicotine and vapor product enforcement activities. The ABD shall have no authority to discipline or reassign an officer, except that the ABD shall have the authority to stipulate that a particular officer not be assigned to provide services under the Agreement.
- 5.2.6 <u>Insurance, Benefits and Compensation.</u> The ABD shall not provide for, nor pay, any employment costs of the Department's officers including, but not limited to, worker's compensation, unemployment insurance, health insurance, life insurance and any other benefits or compensation, nor make any payroll payments with respect to the Department's officers. The ABD shall have no liability

whatsoever for all such employment costs or other expenses relating to, or for the benefit of, the Department's officers.

SECTION 6. PAYMENT TO DEPARTMENT.

- Method of Payment. In consideration for providing the services required by the Agreement, the Department shall be paid on a flat fee basis of seventy-five dollars (\$75) per reported compliance check. The flat fee payment for each compliance check constitutes the full and exclusive remuneration for the compliance checks. For example, compensation of youth participants is the sole responsibility of the Department and is to be paid from the flat fee payment.
- **Eligible Claims.** Compliance checks that are conducted on or after **October 1, 2016** are eligible for payment provided that the results are reported in accordance with Section 5. Any compliance checks that were funded by a non-departmental entity are not eligible for payment.
- 6.3 Allocations. The costs of the services referred to in Section 6.1 shall be allocated as follows:
 - 6.3.1 Sole Activity. Money paid to the Department, pursuant to the Agreement, shall be used to fund overtime of full- or part-time peace officer positions solely for tobacco, alternative nicotine and vapor product enforcement activities described in the Agreement. Money also shall be used for compensation, if any, of youth participants. In addition, the Department may use money paid pursuant to the Agreement for reasonable Department expenditures, including, but not limited to, officer training and equipment, provided that such expenditures do not impair the Department's ability to perform tobacco, alternative nicotine and vapor product enforcement activities.
 - 6.3.2 Payment in Arrears. The ABD may pay all approved invoices in arrears and in conformance with Iowa Code § 8A.514. The ABD, consistent with Iowa Code § 8A.514, may pay in less than the specified time period. Payment by the ABD in fewer than sixty (60) days, however, does not constitute an implied waiver of that Code section.

SECTION 7. ADMINISTRATION OF AGREEMENT. The ABD and the Department shall jointly administer the Agreement.

SECTION 8. NO SEPARATE ADMINISTRATIVE ENTITY. No new or separate legal or administrative entity is created by the Agreement.

SECTION 9. NO PROPERTY ACQUIRED. The ABD and the Department, in connection with the performance of the Agreement, shall acquire no real or personal property.

SECTION 10. TERMINATION.

- 10.1 <u>Termination For Convenience.</u> Following thirty (30) days written notice, either party may terminate the Agreement, in whole or in part, for convenience without the payment of any penalty or incurring any further obligation to the non-terminating party. Following termination for convenience, the non-terminating party shall be entitled to compensation, upon submission of invoices and proper proof of claim, for services provided under the Agreement to the terminating party up to and including the date of termination.
- 10.2 <u>Termination for Cause.</u> The occurrence of any one or more of the following events shall constitute cause for any party to declare another party in default of its obligations under the Agreement:
 - **10.2.1** Failure to observe and perform any covenant, condition or obligation created by the Agreement;
 - **10.2.2** Failure to make substantial and timely progress toward performance of the Agreement;
 - 10.2.3 Failure of the party's work product and services to conform with any specifications noted herein;
 - 10.2.4 Infringement of any patent, trademark, copyright, trade dress or any other intellectual property right.
- 10.3 <u>Notice of Default.</u> If there occurs a default event under Section 10.2, the non-defaulting party shall provide written notice to the defaulting party requesting that the breach or noncompliance be immediately remedied. In the event that the breach or noncompliance continues to be evidenced ten days beyond the date specified in the written notice, the non-defaulting party may either:
 - 10.3.1 Immediately terminate the Agreement without additional written notice; or,
 - **10.3.2** Enforce the terms and conditions of the Agreement and seek any available legal or equitable remedies.

In either event, the non-defaulting party may seek damages as a result of the breach or failure to comply with the terms of the Agreement.

SECTION 11. INDEMNIFICATION.

11.1 <u>By ABD.</u> Consistent with Article VII, Section 1 of the Iowa Constitution and Iowa Code Chapter 669, ABD agrees to defend and indemnify the Department and hold it harmless

against any and all liabilities, damages, settlements, judgments, costs and expenses, including reasonable attorney's fees of counsel required to defend the Department, related to or arising out of ABD's negligent or wrongful acts or omissions in the performance of the Agreement.

11.2 By the Department. Consistent with Article VII, Section 1 of the Iowa Constitution and Iowa Code Chapter 670, the Department agrees to defend and indemnify and hold the State of Iowa and ABD harmless from any and all liabilities, damages, settlements, judgments, costs and expenses, including reasonable governmental attorney's fees and the costs and expenses of attorney fees of other counsel required to defend the ABD, related to or arising from any negligent or wrongful acts or omissions of the Department in the performance of this Agreement.

SECTION 12. CONTACT PERSON.

12.1 <u>Contact Person.</u> At the time of execution of the Agreement, each party shall designate, in writing, a Contact Person to serve until the expiration of the Agreement or the designation of a substitute Contact Person. - 13.2 <u>Third Party Beneficiaries.</u> There are no third party beneficiaries to the Agreement. The Agreement is intended only to benefit ABD and the Department.
- 13.3 Choice of Law and Forum. The terms and provisions of the Agreement shall be construed in accordance with the laws of the State of Iowa. Any and all litigation or actions commenced in connection with the Agreement shall be brought in Des Moines, Iowa, in Polk County District Court for the State of Iowa. This provision shall not be construed as waiving any immunity to suit or liability that may be available to the State of Iowa, ABD or the Department.
- 13.4 <u>Assignment and Delegation.</u> The Agreement may not be assigned, transferred or conveyed in whole or in part without the prior written consent of the other party.
- 13.5 <u>Integration.</u> The Agreement represents the entire Agreement between the parties and neither party is relying on any representation that may have been made which is not included in the Agreement.
- 13.6 <u>Headings or Captions.</u> The paragraph headings or captions are for identification purposes only and do not limit nor construe the contents of the paragraphs.

- 13.7 Not a Joint Venture. Nothing in the Agreement shall be construed as creating or constituting the relationship of a partnership, joint venture, association of any kind or agent and principal relationship between the parties. Each party shall be deemed an independent contractor acting toward the expected mutual benefits. No party, unless otherwise specifically provided for herein, has the authority to enter into any contract or create an obligation or liability on behalf of, in the name of, or binding upon the other party to the Agreement.
- 13.8 <u>Supersedes Former Agreements.</u> The Agreement supersedes all prior Agreements between ABD and the Department for the services provided in connection with the Agreement.
- 13.9 <u>Waiver.</u> Except as specifically provided for in a waiver signed by duly authorized representatives of ABD and the Department, failure by any party at any time to require performance by the other party or to claim a breach of any provision of the Agreement shall not be construed as affecting any subsequent breach or the right to require performance with respect thereto or to claim a breach with respect thereto.
- 13.10 Notices. Notices under the Agreement shall be in writing and delivered to the representative of the party to receive notice (identified below) at the address of the party to receive notice as it appears below or as otherwise provided for by proper notice here under. The Administrative Sponsor shall submit a written request for FHWA authorization to the Department which includes a detailed Scope of Work and Budget. After reviewing the Administrative Sponsor's request, the Department will forward the request to the FHWA for authorization and obligation of Federal funds. work. PE includes work that is part of the development of the PS&E for a construction project. This includes environmental studies and documents, preliminary design, and final design up through and including the preparation of bidding documents. PE does not include planning or other activities that are not intended to lead to a construction project. Examples include planning, conceptual, or feasibility studies.

4. Environmental Requirements and other Agreements or Permits.

With the assistance of the Administrative Sponsor, the Recipient shall take the appropriate actions and prepare the necessary documents to fulfill the FHWA requirements for project environmental studies including historical/cultural reviews and location approval. The Recipient shall complete any mitigation agreed upon in the FHWA approval document. Any changes to the physical scope of the project must be provided to the Department prior to disturbance of the ground for re-evaluation of approval.

Project Description Colfax, Iowa Highway 117 Entranceway Beautification

A. The Colfax Parks and Recreation Auxiliary Board proposes a project consisting of establishing approximately 1.5 acres of prairie on right-of-way at the north entranceway to Colfax along State Highway 117. The project will provide aesthetic enhancement to the Highway 117 corridor and I-80 Interchange 155, and a north gateway feature between I-80 and historic downtown Colfax. It will also provide an entranceway enhancement to the 480 acre quarry park currently in development by the City of Colfax east of Highway 117 along I-80.

The development of this project is the culmination of an extensive planning process that commenced in 1999 with the completion of an lowa's Living Roadways Community Visioning process. The goals of that process were to improve entranceways and enhance travelers first impressions, and assist communities in expressing their cultural and natural heritage. The conclusion of Colfax's process was to focus on the Highway 117 corridor between I-80 and downtown Colfax. Establishment of a historical museum site and enhancement of Mineral Springs Park were identified as goals and have been accomplished in the intervening years. Landscaping of the Highway 117 north entranceway corridor remains to be accomplished.

In 2010 Colfax participated in USDA "Greening Your District" training. Two workshops were held in Colfax, and three concepts developed, including the *North Gateway Plan*. It was observed that the Highway 117 corridor between I-80 and downtown Colfax did not present a positive image. What was proposed was development of the *North Prairie Gateway*. This would consist of converting properly to native prairie landscape along the gateway corridor. It was specifically called out that the quarry site be incorporated into this feature.

Many benefits to the *North Prairie Gateway* were highlighted in the 2010 process. These included reducing runoff, filtering of pollutants, stabilizing soil, reducing maintenance compared to turf landscapes, wildlife habitat, and aesthetic benefits throughout the year. It was stated that the project should be coordinated with improvement to downtown buildings, and this is underway in significant fashion. S2 million in improvements to downtown Colfax buildings have occurred to date through the Main Street Program.

B. The Colfax Parks and Recreation Auxiliary Board will be in charge of prairie installation and ongoing maintenance. This will be coordinated with the City of Colfax. Bob Rhone, Director of Public Works for the City of Colfax, has extensive experience in establishing and maintaining prairie habitats and will advise the Parks and Recreation Auxiliary Board on appropriate maintenance practices. Bob Rhone's phone number is (515) 971-7084. Signage will be erected identifying the prairie features, and it will be used for educational instruction in conjunction with the establishment of the adjacent quarry park.

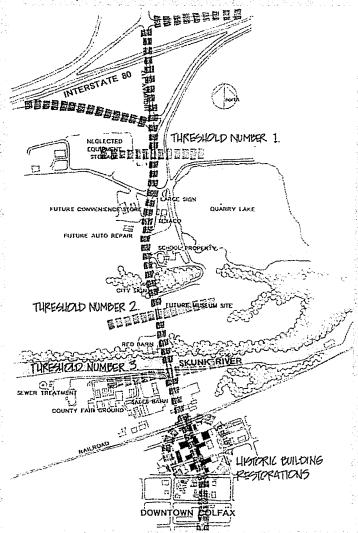

C. If grant funds are approved, the timeline for installation of the prairie is as follows:

Obtain Iowa DOT permits: January 2016
 Purchase seed and trees: March 2016
 Site preparation: March 2016
 Plant project area: April-May 2016

If funding is approved in a timely enough manner, it is preferred to accelerate this timeline and construct the project in September-November 2015.

D. The project site has been road right-of-way for at least 100 years. Historic maps from the 1800's show State Highway 117 on its existing alignment. I-80 was constructed in the early 1960's and grading would have been completed for the adjacent eastbound interchange ramps at that time. The quarry site directly adjacent to the east which is now under public ownership was a privately operated sand and gravel extraction operation dating to the 1950's. A portion of the site has been rented for agricultural use.

E. Site plan and aerial photo information is attached.

CONCEPT PLAN FOR COLFAX

Colfax Community Visioning representatives, having evaluated their study results, chose to focus their time and resources to enrich the visual and cultural corridor of Highway 117 between I-80 and downtown.

Colfax Park and recreation Auxiliary Board, Inc.

The Jasper County Board of Supervisors lends its full support to the Colfax Park and Recreation Auxiliary Board in their efforts to apply for the Iowa Living Roadways Project Program. The project to sow native Iowa wildflowers and plant trees in the right of way areas adjacent to Highway 117 at the entrance of the new park in Colfax is a great idea.

The County, through the Auditors Office, is happy to act as a conduit for receiving funding reimbursement for the Living Roadways Project Program Grant.

We wish you great success.

Re: Iowa's Living Roadways grant; Colfax Parks and Recreation Auxiliary Board

Dear Grant Administrator:

This letter will serve to endorse and support the grant application being submitted by the Colfax Parks and Recreation Auxiliary Board to the Iowa's Living Roadways grant program. Colfax Main Street is actively involved in historic restoration and business development/expansion in the downtown district and strongly supports efforts to improve the entire Colfax area. The Colfax Main Street is fully supportive of the aesthetic enhancement of the North Gateway Corridor between I-80 and downtown Colfax. We believe this project is a perfect candidate for the Living Roadways program, and part of a larger strategy for the Colfax North Gateway Corridor that will benefit our local community and the state of Iowa.

Feel free to contact me if you have any questions regarding our organization's support of the project.

Sincerely,

David Mast, President

Re: Iowa Living Roadways Grant; Colfax Parks and Recreation Auxiliary Board

Dear Grant Administrator;

I wish to strongly support the grant application presented by the Colfax Parks and Recreation Board. The Colfax-Mingo Education Foundation supports the aesthetic enhancements that would be added between I-80 and downtown Colfax. We are a property owner in that corridor and are excited about the enhancements. I believe that this will benefit the Colfax Community and the state of Iowa. This will add beauty for the thousands of people that stop at the Colfax exit yearly and puts our best foot forward as a community and a state.

Please contact me if you have any questions concerning the Colfax-Mingo Educational Foundation's support of this project.

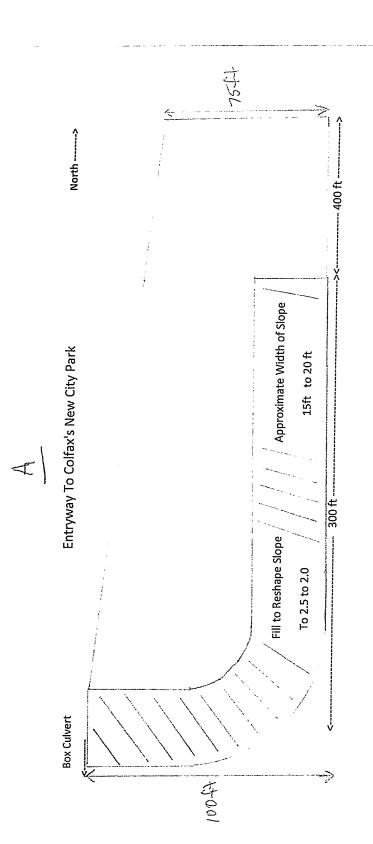

Best regards,

Shannon Maher

Leslie Berckes **Trees Forever** Program Manager & Field Coordinator April 27, 2016

Dear Leslie,

I was contacted to send you a note concerning our intention to volunteer to help with the Living Roadways Project on the north edge of Colfax at the entryway to the new city park. I will be supplying and operating a John Deere 700J bulldozer. I have also recruited friends and neighbors Bill and Dave Talsma owners of I80 Farms to assist in the work. They will be operating and supplying a John Deere 200CLC track hoe and a John Deere 8370R tractor with a Caterpillar 735 dump trailer. Doug Garrett has informed us that we will need to top off our equipment and portable storage tank with fuel prior to beginning any work. The grant would cover any fuel utilized in the project and Doug will top off our equipment and tank at the completion of our work. If you have any questions pertaining to our work, please let me know.

Sincerely,

Keith Russell
