

Tuesday, July 12, 2022, the Jasper County Board of Supervisors met in regular session at 9:30 a.m. Supervisors Talsma, Carpenter, and Cupples present and accounted for; Chairman Talsma presiding.

Ken Smith was before the Board asking them to revisit the issue whereby the County blocked the entrance into his property on Hyw-F48 with a new bridge guardrail. The County admitted that, at the time of the bridge repair, an error occurred in regard to the existing driveway that Smith says was in place. Supervisor Talsma and Engineer Fritsch stated that the Iowa Department of Transportation current construction guidelines require the bridge rail to be the length that was put in by the County for safety reasons. Supervisor Cupples wanted the Engineer to produce the guidelines. Since that time, the County has offered a fix to Smith's issue. The Board took no action.

Motion by Cupples and seconded by Carpenter to approve the professional services agreement between Jasper County and BBS Architects & Engineers for the Jasper County Jail generator replacement.
